

Hickman County Schools

Professional Development Summit

July 27-28, 2015

East Hickman High School

Welcome to the Hickman County Professional Development Summit. We hope that this opportunity will be beneficial to all of you. Our summit will be conducted over a two-day period.

When you registered, you were given a registration card with five sessions listed. Some of those sessions have already been chosen, and the other sessions will be self-selected. Please take the time to read over the sessions to decide where you would like to attend. In order to receive credit for attendance, you must have the presenter validate your card at the end of each session. Each session has a limit of 25 participants unless otherwise noted. You will need to bring your registration card with you both days of the Professional Development Summit. You will need to give your registration card to your principal when you return to your school for the afternoon of July 28, 2015.

A schedule and a school map are included in this brochure. Please be sure to adhere to the time between each session very closely. We will be providing lunch for you. At the lunch hour, our lunch will be catered and set up in the main hall outside the office area. After you get your lunch, please report to your school's identified classroom.

All sessions will be conducted on the upper level of East Hickman High School. As you exit the auditorium, please go up the stairs and to the left for the sessions. Restrooms are located at the top of the stairs to the left and in the area where sessions are being held.

If you have any questions, please ask anyone at the registration table for assistance. Thanks and have a great day!

Professional Development Summit

July 27, 2015

7:30-8:00	Registration
8:00-8:15	Welcome, Instructions
8:30-10:00	Breakout Session #1
10:15-11:45	Breakout Session #2
11:45-12:45	Faculty Working Lunch
1:00-2:30	Breakout Session #3

July 28, 2015

7:45-8:15	Registration
8:15-9:45	Breakout Session #4

Professional Development Breakout Sessions

Day One: July 27, 2015

Breakout Session 1: 8:30-10:00

(choose one of the following)

PLATO Learning (K-12 teachers)

Greg Johnson

Location: Room 240

The opportunities PLATO provides for our teachers and students has expanded to include courses, test prep, ACT prep, interventions, and many other options! Come hear how you can utilize this for your students!

Recognizing and Responding to Student Needs TN Suicide Prevention Network

Location: Room 276

In this session, participants will review the warning signs of teen suicide and discuss how to properly address those needs with struggling students. We will distinguish between fact and fiction, discover how we can be difference makers in our school communities, and promote effective aftercare for those affected by suicide loss.

CTE Updates

Don Qualls

Location: Room 260

This session will cover the changes that are happening in the Career Technical Areas including expectations with the Common Core State Standards and collaboration with the Business-Education Council. This session is for all career technical teachers and will last through the first two sessions.

Special Education Updates (grades 3-8)

Julia Thomasson

Location: Room 268

This session is for special education teachers. Mrs. Thomasson will be sharing educational updates and instructional strategies with teachers.

Math Adoption (Grades K-2)

Curriculum and Associates

Location: Room 269 and Room 270

Come hear about the new math adoption from Curriculum and Associates for teachers in grades K-2.

Utilizing Google Docs

Christy Dressler

Location: Room 261

Google Docs and Microsoft 365 are ways for teachers to utilize word processing in an online format that automatically saves your work! Access your work from any computer at any time without a flash drive! Come find out how!

RTI Implementation in K-8

Stacey Alexa/Ridonna Goodpasture/Belinda Potts

Location: Room 274

This session is for educators that document interventions and monitor the progress of students. This session will inform and demonstrate for you how we can keep records and document our interventions in a quick and easy format.

TNReady Tools

Elliotte Kinzer

Location: Room 281

Mr. Kinzer is the Data Analyst for the South Central CORE office. He is a former building-level administrator that builds teamwork and collaboration around the use of data to drive instructional planning. TNReady is the new state assessment for Math and ELA. Come here about the practice tools and resources that are available for teachers!!

Helping At-Risk Students

Anthony Brown

Location: Room 262

Identifying and helping students that demonstrate at-risk tendencies is crucial to student success. Mr. Anthony Brown is the At-Risk Coordinator for the Hickman County School System. What is an at-risk student? What assistance does our system provide? What can teachers do to help these students? This session is an important one for all grade levels!

aimsWEB training (assigned teachers only)

Pearson

Location: Library

This session is a training opportunity for aimsWEB, which will be used for universal screening and progress monitoring. This training will last through sessions 1, 2, and 3.

Success in the Multiplayer Classroom

Eden Creasy

Location: Room 283

Research supports the use of gaming elements in education, and in this session we will explore practical applications for the K-12 classroom. We will discuss why games are effective as learning tools, how to use gaming elements to build classroom communities of learners, and ways to incorporate games into everyday instruction. Get ready to level up and leave with some great resources for the upcoming school year!

TN Ready Collaboration and Planning (3-5 ELA)

3-5 Principals

Location: Room 264

This session is for teachers that will be teaching ELA in grades 3-5 in 2015-2016. We will be reviewing pacing guides for the first quarter and planning with sister schools for Quarter 2.

Teaching with Diversity

Suzi Miley

Location: Room 275

This session is specifically designed for teachers that will be serving as classroom teachers for the English Language Learner population in our schools.

Breakout Session 2: 10:15-11:45 (choose one of the following)

PLATO

Greg Johnson

Location: Room 240

The opportunities PLATO provides for our teachers and students has expanded to include courses, test prep, ACT prep, interventions, and many other options! Come hear how you can utilize this for your students!

Recognizing and Responding to Student Needs TN Suicide Prevention Network

Location: Room 276

In this session, participants will review the warning signs of teen suicide and discuss how to properly address those needs with struggling students. We will distinguish between fact and fiction, discover how we can be difference makers in our school communities, and promote effective aftercare for those affected by suicide loss.

Math Adoption (Grades 3-5)

Location: Room 269

Come hear about the new math adoption from Curriculum and Associates for teachers in grades 3-5.

CTE Updates

Don Qualls

Location: Room 260

This session will cover the changes that are happening in the Career Technical Areas including expectations with the Common Core State Standards and collaboration with the Business-Education Council. This session is for all career technical teachers and will last through the first two sessions.

Special Education Updates (K-2)

Julia Thomasson

Location: Room 268

This session is for special education teachers. Mrs. Thomasson will be sharing educational updates and instructional strategies with teachers.

Thinking and Problem Solving

Janice Womble

Location: Room 282

This session is for teachers that would like additional strategies and assistance with the thinking and problem solving portions of the instructional rubric. Hear some great ideas from our TEAM Coach, Janice Womble.

RTI Implementation in K-8

Stacey Alexa/Ridonna Goodpasture/Belinda Potts

Location: Room 274

This session is for educators that document interventions and monitor the progress of students. This session will inform and demonstrate for you how we can keep records and document our interventions in a quick and easy format.

TNReady Tools

Elliotte Kinzer

Location: Room 281

Mr. Kinzer is the Data Analyst for the South Central CORE office. He is a former building-level administrator that builds teamwork and collaboration around the use of data to drive instructional planning. TNReady is the new state assessment for Math and ELA. Come here about the practice tools and resources that are available for teachers!!

Integrating Skills through Enrichment

Jennifer Hamm, Tabby Plunkett, Lori Cochran

Location: Room 271

The integration of reading and writing strategies in enrichment classes is important for students as they expand their skills in the arts. Come hear about how to plan for these activities in enrichment classes! This session will also provide opportunities for enrichment teachers to collaborate and plan.

Utilizing Google Docs**Christy Dressler****Location: Room 261**

Google Docs and Microsoft 365 are ways for teachers to utilize word processing in an online format that automatically saves your work! Access your work from any computer at any time without a flash drive! Come find out how!

aimsWEB training (assigned teachers only)**Pearson****Location: Library**

This session is a training opportunity for aimsWEB, which will be used for universal screening and progress monitoring. This training will last through sessions 1, 2, and 3.

TVAAS for teachers**Misty Shelton****Location: Room 265**

This session is designed for teachers that would like more information on TVAAS, including how to use the reports to design student instructional groups and plan instruction for all students.

Teaching with Diversity**Suzi Miley****Location: Room 275**

This session is specifically designed for teachers that will be serving as classroom teachers for the English Language Learner population in our schools.

TN Ready Collaboration and Planning (6-12 ELA)**6-12 Principals****Location: Room 264**

This session is for teachers that will be teaching ELA in grades 6-11 in 2015-2016. We will be reviewing pacing guides for the first quarter and planning with sister schools for Quarter 2.

Breakout Session 3: 1:00-2:30 (choose one of the following)

PLATO

Greg Johnson

Location: Room 240

The opportunities PLATO provides for our teachers and students has expanded to include courses, test prep, ACT prep, interventions, and many other options! Come hear how you can utilize this for your students!

Recognizing and Responding to Student Needs TN Suicide Prevention Network

Get ready to level up and leave with some great resources for the upcoming school year!

Teaching with Diversity**Suzi Miley****Location: Room 275**

This session is specifically designed for teachers that will be serving as classroom teachers for the English Language Learner population in our schools.

Utilizing a Reading Block (Grades K-5)**Alisa Keller and Cary Wright****Location: Room 277**

This session will engage teachers as a learner and model effective ways to use the time allotted for reading language arts. This session will model whole and small group learning, as well as the integration of language arts.

Thinking and Problem Solving**Janice Womble****Location: Room 282**

This session is for teachers that would like additional strategies and assistance with the thinking and problem solving portions of the instructional rubric. Hear some great ideas from our TEAM Coach, Janice Womble.

**Day Two: July 28, 2015
Breakout Session 4: 8:15-9:45****(choose one of the following)****GoNoodle (PreK-5 teachers)****Jamie Irwin****Location: Room 260**

Learn how to incorporate physical activity and brain breaks during your academic lessons! A fun, engaging session!

It's All About People
Location: Room 264

Greg McCord

Greg McCord is the Deputy Superintendent of the Hickman County School System. He also served as a school counselor and will help us learn how to build strong relationships with students.

Integrating Technology into Instruction
Location: Room 282

Christie Carter/Robin Smith

Technology integration is vital to the success of our students and we must utilize the capabilities that are available. Come learn how you can integrate technology seamlessly into instruction from teachers that are practicing the strategies at HCMS. Practice during the session!

Literacy in Grades K-2
Location: Room 268

Literacy Leadership Team and Principals

The Literacy Leadership Team will meet to review goals and expectations for the changes being made to literacy for teachers in grades K-2.

College4TN

Kate Watts

Location: Library (Limit of 50)

College4TN is a website that teachers, students, and parents can use to learn about college: how to plan for a career, how to pay for college, and how to best utilize your resources. Come hear how this website can enhance your post-secondary focus in all grades K-12.

SAS Curriculum Pathways
Location: Room 240 (Computer Lab)

Gayle Mathis

SAS Curriculum Pathways is a FREE computer-based program that has interactive, standards-based resources for grades 6-12 in English/Language Arts, Science, Social Studies, Mathematics, and Spanish. Teachers will be given a password and directions on how to utilize this program.

Social Studies Assessment (Grades 6-12)

Michelle Gilbert

Location: Room 273

This session will provide social studies teachers an overview of the new social studies assessment, as well as resources that can be used to meet the current standards and literacy expectations.

What is Response to Intervention? (grades 6-12)

Belinda Potts

Location: Room 274

Response to Intervention will be implemented at the middle school level in 2015-2016 and at the high school level in 2016-2017. Come here all about this program that helps students succeed!

Math Interventions

Denise Hudgins/Suzanne Lewis

Location: Room 269

Need ideas for skill-specific interventions for mathematics? Come to this session and participate in interventions for the areas of number sense, problem solving, and operational fluency. This session will provide you with instant resources and ideas to assist students and provide appropriate interventions.

Utilizing a Reading Block (Grades K-5)

Alisa Keller and Cary Wright

Location: Room 277

This session will engage teachers as a learner and model effective ways to use the time allotted for reading language arts. This session will model whole and small group learning, as well as the integration of language arts.

Success in the Multiplayer Classroom

Eden Creasy

Location: Room 283

Research supports the use of gaming elements in education, and in this session we will explore practical applications for the K-12 classroom. We will discuss why games are effective as learning tools, how to use gaming elements to build classroom communities of learners, and ways to incorporate games into everyday instruction. Get ready to level up and leave with some great resources for the upcoming school year!

Google Docs—the Next Level

Christy Dressler

Location: Room 261

Google Docs provides many tools for teachers in their classrooms! Come to this session to hear about additional tools that can help teachers and students, including add-ons!

TVAAS for teachers

Misty Shelton

Location: Room 265

This session is designed for teachers that would like more information on TVAAS, including how to use the reports to design student instructional groups and plan instruction for all students.

Breakout Session 5: 10:00-11:30 (choose one of the following)

It's All About People

Greg McCord

Location: Room 264

Greg McCord is the Deputy Superintendent of the Hickman County School System. He also served as a school counselor and will help us learn how to build strong relationships with students.
